15th April, 2010

Dear Parents,

Subject: EARTH DAY

The International Earth day is a special day to inspire and appreciate the earth we live in and is celebrated on the 22nd of April every year.

Kindly note that on Thursday 22nd of April 2010 students of Kindergarten I, II , Year 1 and 2 will be commemorating this day by wearing decent casual dresses of either Green or Blue colour. They will be viewing the projects which have been already assigned to them by the class teachers and learning more on the Mother earth and the ways and means to protect her.

Thank you in anticipation of your cooperation and efforts.

The Management.
