17th March 2010

Dear Parents,

Subject: Misuse of Face book Services

This is in reference to the circular 'Impact of Face book on Students' issued by us earlier on our school website. We are happy that as concerned and educated parents you have received the message positively and look forward to working with you in this regard.

However, it has recently been brought to our notice that some students of our school are posting photographs and inappropriate comments about personalities who are part of the Pristine family. Even teachers have not been spared this disregard.

We feel it is imperative that children today realize the importance of respecting and showing consideration towards the feelings of their peers and teachers. Therefore, we would like to send out a warning that strict action will be taken against anyone who misuses the facilities of Face book to hurt and humiliate, especially where a member of the Pristine family is involved.

Kindly ensure that you check and monitor your children's activities on the Internet and Face book on a regular basis to avoid any unpleasant consequence or action enforced by the school.

Regards,

The Management

Pristine Private School
