

INFLUENZA A / H1NI (SWINE FLU)

Wed, 19 August 2009

As per the announcement by the Department of Health & Medical services of the Government of Dubai and the increasing media alerts on Influenza A/H1N1 (Swine Flu) it is hereby requested and advised to all parents of students who have symptoms of cold and fever, to refrain from attending school after the summer break as well as to seek medical attention immediately.

Though the school will be educating the students and having campaigns on preventing the flu, it is strongly recommended to avoid attending school within the period of sickness.

Given to understand the gravity of the subject, parents are requested to enlighten themselves about this disease and symptoms and the effect it could cause to individuals and otherwise, by way of reading, watching TV, visiting related websites etc.

Further information with regard to the sickness and symptoms could be obtained from the Preventive Service & Communicable Disease Section – Public Health Affairs, Ministry of Health, Dubai.

Thanking you
