10th May, 2010

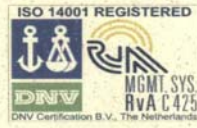

Subject: CAN COLLECTION DRIVE

It is indeed a great pleasure to witness the commitment our Pristinians possess, especially when it is proven repeatedly. The latest occurrence was the collection of used cans under the banner "Can Collection Drive" which was organized by the Emirates Environmental Group (EEG) who makes continuous efforts to promote community involvement in environmental programs.

We are really thankful to all the students and parents for being able to achieve a record 452 Kg by Saturday 8th May 2010. This was in addition to the 141Kg which was collected in February this year.

This shows the involvement of the parents along with children to make a difference, together. The enthusiasm and willingness to participate in this humanitarian effort is alone proof for "Yes We Can".
