

Bring Your Own Device Policy

Rationale

In our endeavor of leading “*Onward and Upward*” and staying true to the core values of “*Critical Thinking*”, “*Future Ready*” and “*Innovation*”, Pristine Private School has implemented the ***Bring Your Own Device*** initiative.

The ***Bring Your Own Device*** initiative ensures students learn collaboration, communication, creativity and critical thinking in a variety of ways throughout the school day. In order to achieve this, we want to ensure that every pupil can be connected to the school's electronic resources throughout the school day, within the school and beyond. This means that each pupil should have an access to device available at any time. We require that pupils own and bring an appropriate mobile device to school.

Purpose

This policy outlines the acceptable use of electronic devices to maintain a safe and secure education environment with the goal of preparing students for the future, improving learning, and fostering digital citizenship.

An important component of B.Y.O.D will be education about appropriate online behaviors. We will review cyber-safety rules with students frequently throughout the course of the school year and will offer reminders and reinforcement about safe online behaviors. In addition to the rules outlined in these guidelines, students will be expected to comply with all class and school rules while using personal devices. The use of technology is not a necessity but a privilege. When abused, privileges will be taken away.
